Our name is a guarantee of quality

The Pfannwirt and his team hope you enjoy your meal! By the way: the foodstuffs we use all come from companies in the region. And you can taste the difference!

Our Philosophy

Our name is a byword for quality:

Our meat originates from the region and is cut fresh every day. Every dish is prepared for our guests »à la minute«.

We use only selected local products, e.g. free-range eggs (for our home-made »spaetzle«).

We also use a selection of different potatoes from the region for our home-made potato salad. These basic ingredients are selected and prepared for you with great care.

I hope you notice the difference in taste to the convenience products that have unfortunately become more and more common these days!

I vouch for this with my name

Warm regards:

Ferdinand Schuster
and the entire kitchen team
